- All athletes must be university students or sixth form students (or on a single gap year between school and university; gap year students may compete for the school which they attended in the sixth form).
- The biathlon team competition will be decided by totalling the run and swim scores of all three team members.
- The individual pentathlon competition will count scores over all five events.
- The pentathlon team competition will be decided by totalling the four best event scores of each team member (regardless of in which events these scores are achieved).
- In order for a team to be eligible for the pentathlon team competition, each team member must contest at least four events and each pentathlon event must be contested by at least one member of the team.
- BUSA medals are awarded to the first three competitors in the individual competitions and the first three men's and women's teams.
